LEARNING FUTURE CONCLAVE &
AWARDS
DUBAI, 2023

**LEARNING FUTURE
CONCLAVE & AWARDS
(LEFCA),
DUBAI, 2023**

WHAT?

World's largest and most high-profile education summit & awards, deciphering the contours of the future of learning world-over, post-pandemic

WHERE? WHY?

World Trade Centre, Dubai, UAE, Middle East

Middle of the World in a way.

Middle of Asia and Africa, most happening continents at this moment.

WHEN?

Any Weekend of February or March, 2023
(Friday-Saturday).

WHY THIS CONCLAVE?

- (A) Education has gone through a revolutionary change due to the pandemic and its aftermath owing to disruption in earlier paradigms of learning.
- (B) Technology leapfrogging is paramount now and is ushering in a new universe of learning, with challenges of digital divide evident too.
- (C) Informal and diverse educational routes have come to stay. Alternative learning, home schooling, open education etc are becoming common place today.

WHY THIS CONCLAVE?

- (D) Old silos and buckets of education are crumbling. Universities and people are clubbing hitherto unseen combinations of subjects, like engineering and music together.
- (E) Degree and Qualifications are being superseded by skills and attitudes often, and skills are diversifying to hard, soft, life, and spiritual skills. EQ is taking precedence over IQ.
- (F) Layers and levels of education and training are very different in different economies. And any-time entry and any-time exit from learning with no credits lost of the past is fast becoming the norm.

WHY THIS CONCLAVE?

(G) Knowing and sharing of best practices is real caring, and a must for humanity to face the humongous challenges of learning and sustainability challenges ahead.

(H) Awarding the best practices and putting those and some educationists along with institutes as role models before the educational world is an important step to boost better learning.

OUTCOMES OF THIS CONCLAVE?

- (A) Best practices to be shared with all in the same domain.
- (B) Best Technologies available in education to be showcased.
- (C) Strategic tie-ups among institutes, organizations, tech companies, investors and entrepreneurs to evolve.
- (D) Emerging futuristic learning concepts to be presented to a global audience.
- (E) Best rating, ranking and benchmarking of schools to universities to evolve specifically in the Afro-Asian world developing world.
